

Serious Adverse Event Report

Event 24-Apr-2023 - report of 17-May-2023 - 10:23 UTC, revision 1

Initial Report Date	17-May-2023
Date of this report	17-May-2023
Investigator/reporter	Julia Macias
Study Protocol (Id and Title)	H-34 - DELTA Revision study
Site Information	101 - Samodzielny Publiczny Szpital Kliniczny im. Prof. Adama Grucy CMKP
Patient ID	17
Event onset	24-Apr-2023
Report type	FollowUp
Date of Study Team Aware	26-Apr-2023 10:38
Title of clinical study	H-34 - DELTA Revision study
Name of the healthcare facility	Samodzielny Publiczny Szpital Kliniczny im. Prof. Adama Grucy CMKP
Name of the Principal Investigator	Jerzy Białecki
Name of the medical device involved	Delta revision cup
Components involved	Delta revision cup
ID number of study subject	101 - 17
Age	75
Gender	Female
Attribution within the clinical investigation	TreatmentGroup

17 Report

Adverse Event (diagnosis, if known, or signs/symptoms)	Periprosthetic fracture- fracture of right pubis bone
Event narrative	A stress fracture was diagnosed, with possible loosening of the endoprosthesis of the operated hip, without meta features in the fracture area. On the wall of the chest, there is a change after the mastectomy , which requires urgent oncological consultation.
Admission date (dd-mmm-yyyy)	26-Apr-2023
Discharge date (dd-mmm-yyyy)	28-Apr-2023
Classification of the adverse event	Hospitalization
Outcome of the event	Ongoing
Relevant concomitant drugs and date of administration	No.
Detail all possible and suspected causes including relevant medical history	There is a possibility that the connection of screws with the acetabulum is stiff enough to cause a fracture of the pubis bone.
Current clinical status	Under the observation.
Severity	Moderate
Causality: relationship to study medical device	Probable
Causality: relationship to study procedure	NotRelated
Expectedness	Unanticipated
Action taken	NotPharmacological
Was the device permanently removed?	No
Detailed treatment	Diagnostics- computed tomography
Relevant medical history	None

17 Report

Relevant medical records	None
Laboratory Results	None
Imaging Methods (e.g., X-ray, CT-scan)	Available
Other (please specify)	None
Submitter	Investigator
Name of submitter	Julia Macias
