Dear Gloria,

please find attached the PSV report for your review as well as responses to below questions (in red).

Have a nice weekend.

Kind regards,  
Adam

> Based on the feasibility questionnaire and key inclusion/exclusion criteria, **do you confirm to enroll 2 patients per month?**

The site staff stated they can enrol 2-3 patients per week (on average, sometimes

less and sometimes more). OK,  
Thanks!

> Based on my email dated 04.Sep.2020, could you confirm that your site implants delta revision cups only for the revision according to the IFU and not for the primary reasons, please?

The site staff confirmed they are using these implants for the revision only. It does not change their recruitment plans. It's perfect! Thank you

> I'm going to enter Jarosław Czubak, Professor M.D in the Financial Agreement as person responsible for the Hospital administration in order to start the process of signature: do you confirm that Jarosław Czubak is the correct person with name and title, please?

Prof. dr hab n. med. Jarosław Czubak is the Director and represents hospital as well as signs financial agreements. Great!

> Do you prefer to have Oxford Hip Score (OHS) in Polish language or English? I believe that the site staff is more comfortable to have it in Polish and I'm going to finalize the license but I would like to be sure

The site staff prefers Polish version. In addition, they asked if Polish versions of study scores can be submitted to EC for review. Having EC approved Polish versions would allow the staff to provide each subject with paper scores for subject's completion instead of reading questions to the subject. The Polish OHS will be submitted to EC within amendment to be done within 20 Nov 2020
